College

LHS Dual Credits & AP

LHS is known as a leader in academics and college and career readiness. Our curriculum and courses offerings are second to none.

The junior and senior year at LHS is transitioning into a collegiate atmosphere with a vast amount of college-level courses. LHS offers 112 dual credits, including AP classes. Over 220 when including our attached Century Career Center. Some recent graduates have been transferring well over 30 credits into Indiana colleges and universities at a huge savings to our students and families.

Dual credits and AP classes are free to students who qualify for free and reduced lunch.

Dual Credit is a course in which high school students may earn both high school and college credits. LHS is proud of our extensive dual credit partnerships with Indiana University, Ivy Tech Community College, Trine University and Ball State University.

AP classes are challenging as introductory college courses. They are fast-paced, cover more material than traditional courses, and require independent work like research, writing, and analysis. Students may earn college credit by passing the AP exam given at the end of the year in May.

University/College Course	Credits & Cost
IU Calculus (M211)	4/year \$100
IU Chemistry (C101/C121)	5/year \$125
IU Physics (P221)	5/year \$125
Ivy Tech American History I (HIST 101)	3/semester Free
Ivy Tech American History II (HIST 102)	3/semester Free
Ivy Tech Biology (BIOL 107)	5/year Free
Ivy Tech Speech (COMM 101)	3/year Free
Ivy Tech English Composition (ENGL111)	3/year Free
Ivy Tech Exposition and Persuasion (ENGL112)	3/year Free
Ivy Tech Intro to Literature (ENGL206)	3/year Free
Ivy Tech College Algebra (M136)	3/year Free
Ivy Tech Trigonometry (M137)	3/year Free
Ivy Tech Spanish (S101, S102)	4/year Free
Ivy Tech Spanish (S201, S202)	3/year Free
Ball State Chinese (C101, C102, C201, C202)	4/year \$100
Trine University Geology (EAS273)	3/year \$60
Trine University Macroeconomics (ECO223)	3/year \$60
Trine University Sociology (SOC103)	3/year \$60
Advanced Placement (AP)	Cost
Biology	Free
Chemistry	Free
Calculus (M211)	Free
Government	\$91
Statistics	Free
Lang. & Comp. (Concurrent with ENGL111)	\$91
Lit. & Comp. (Concurrent with ENGL112)	\$91
Physics (Concurrent with P221)	Free
World History	\$91
European History	\$91

(Costs are estimated and exclude textbooks)

Why Dual Credit?

Save Money — Dual credits are a significant savings to families when compared to college tuition

Save Time — A student may earn credit toward both a high school diploma and a college degree

College Readiness — Dual credit prepares students for the rigor of college-level work

Dual Credit Details

Some courses have certain criteria that must be met, such as minimum scores on the PSAT or Accuplacer tests. Others may have university-specific tests that must be passed in order to qualify for dual credit.

Some courses may transfer as college “undistributed credit.” This is when the course is not the identical course at another college or university. In most cases, a class will transfer into the accepting university. For more information regarding transferability of specific courses to specific institutions, check out the Indiana Core Transfer Library at <http://www.transferin.net>.

Fees are set by the universities and do not include the purchase of textbooks required by the post-secondary institution. Be advised, college textbooks can be costly; in some cases, the books are more expensive than the fees for credit hours.
